

THE SOLUTION FOR FUSION

Fusion technology will revolutionize power generation and
Vision Electric Super Conductors delivers the
best HTS conductors for you and your fusion project:

- **PROVEN CroCo DESIGN**

Proven technology: Developed by Karlsruhe Institute of Technology (KIT) for fusion and licensed by Vision Electric Super Conductors

- **STABILITY FOR HIGH FORCES AND CURRENTS**

Design reliable, resilient magnets and power lines

- **READY TO USE**

Fast development cycles reduce your time to market
